BLACK HOLE

The U.S.S. Cygnus is perched precariously at the edge of the black hole... the vast, empty nothingness where space and time end. Anything that crosses its border enters a universe of the complete unknown—oblivion.

And so the Cygnus waits. It is the domain of Dr. Hans Reinhardt. A world where scientific genius and human madness intertwine. Where dreams quickly turn to nightmares.

An explosive sequence where robots, humanoids and the extravagant space ship, Cygnus are blown to bits. Leaving only four to face the terrifying power of **The Black Hole**.

Starring Maximilian Schell, Yvette Mimieux, Anthony Perkins, Ernest Borgnine, Joseph Bottoms, and Robert Forster.
